Festival der Regionen 2023

High Time!

23. June - 02. July 2023

Oberösterreich, along the Summeraubahn railway

website: <https://fdr.at>

The 16th edition of the Festival of the Regions took place from June 23 to July 2, 2023, in the region along the Summeraubahn railway.

Under the motto "Höchste Eisenbahn" (High Time), current future issues were the focus of artistic exploration - from climate catastrophe to societal coexistence. The geographic and thematic starting point of the Festival of the Regions was the Summeraubahn railway line, which winds its way from Linz through the Mühlviertel region to Horní Dvořiště in the Czech Republic.

The Journey as a Metaphor

The railway line, symbolizing a region, served as a metaphor in the 2023 festival edition for a series of challenges. From public and individual transportation to dealing with resources and the boundaries in people's minds. A metaphor for traversing, shaping, and molding landscapes and societies. For overcoming distances. For places of encounter and dialogue between regions, cultures, and generations. For breaking away and leaving behind. Staying and moving on. For transitions. For deceleration. For stopping and continuing. For something that belongs to everyone. And concerns everyone. For a shared resource.

The train has not left yet

But it is high time to reset the tracks. And it is high time that something changes. That we talk more with each other. Come together again. Work on the future. Break down barriers. Become more open to differences and contradictions and unconventional approaches. It is high time to allow something different and look at our world from multiple perspectives.
